### Ex. 5 - Deliberative Process

He agreed that the info I conveyed to him on the 18 month issue sounded fine. If no call today then we should see an invite for a Tuesday call.

He also told me that if we get the FIP to OMB in early to mid March it will be ahead of the national rules and should give OMB some free time to review quickly, to which I replied that we would really like to get it to OP and OMB ASAP, we just need to get consensus from OAQPS and OGC.

Thanks

Mike

I was able to talk to Debbie yesterday about the U&O draft FIP. Do you have some time today?

Thanks
